About Us

Lavanya Fitness & Spa is engaged in the world of fitness since 2005, serving a huge number of Satisfied members and fitness freaks. Our team strongly believes in making each and every individual as fit as possible, because a fit person is capable of living life to the fullest. People who are physically fit are healthier and are also immune to cardiac and other health problems, so every individual should make investment and commitment towards their fitness. Lavanya Fitness believes in pushing the limits of each individual, so that they can come out of their comfort zone and achieve their peak fitness in a more scientific way. In today's world Fitness Clubs are not a status symbol anymore, fitness has become a necessity. Our objective is that, scientific fitness training with an energetic and a disciplined environment should be accessible by each and every individual, so that they can achieve their fitness goals with ease.
