About Us

Lawgical India core values One person company has broken many norms of minimum member count to initiate a company and hence rewardingly allows sole proprietorship. Through OPS registration a single member will be able to hold the whole power to control all the affairs of the company and restrict his/her liability towards contribution. In OPC like companies that one person will be the only director as well as the director. **Leading the market as the best business consultant, we are further guiding you to 5 simple steps that you need to follow to get registered as One person Company: Trust**

Our strength lies in the trust our clients have in us. Our client servicing model contains complete transparency and detailing towards the task at hand. We strive to deliver quality results by living up to the trust our clients possess for us.

Passion

Our passionate professionals are a result-driven force who work with complete diligence to bring meaningful growth in business consultancy in Dubai.

Integrity We believe a business is truly successful only with strong ethics, and fair values.

Teamwork

Our goal is to complete a task with maximum effect and efficiency. While our team harbors the best expertise, skills, and ideas, it is our collaborations that give the most fruitful results. Owing to the name of the finest business consultancy in Dubai, we serve personalized guidance to each of the clients for...
