GST Registration

GST Registration is an online process involving submission of several business details along with supporting documents. Prior to this, it requires a critical analysis of your business and transaction structure. A large pool of qualified and experienced lawyers, lawyers of reputed law firms, are required to be associated with the process.

Income Tax Return

It is mandatory for a company to file Income Tax returns. The company must file returns for a financial year. The return for the previous year is due on or before 31st of May. It is mandatory for a company to file returns for a financial year. The return for the previous year is due on or before 31st of May. It is mandatory for a company to file returns for a financial year. The return for the previous year is due on or before 31st of May.

Shop & Establishment

Shop and Establishment Act License is not mandatory for all the proprietorship firms but most of the firms have to obtain this license. It is the responsibility of the proprietor to obtain this license. The Shop and Establishment License is issued by the local government.
