About Us

Legalhilfe is an attempt to bring a wide range of legal services under one roof by leveraging the diverse and vast experience of the partners, in the domain of management consultancy, corporate laws, economic laws, taxation laws, general laws, consumer laws and financial planning etc. for the benefit of the clients - business as well as individuals.

The promoters have pooled their combined aggregate cross-functional experience of over 45 years, in serving corporate customers in the manufacturing and service sectors, to offer optimum legal solutions to businesses and individuals at affordable costs. The resultant advantages to the customers would be understated if they are restricted to "efficient execution of work at lower total cost"
