<https://www.indiamart.com/libraconsultants/>

We are a well known name project management consultants, data management consultants, industrial management consultants, finance management consultants, etc. Providing consultancy services. Our services are widely appreciated for effectiveness.

About Us

Incepted in the **year 2002**, we Libra Consultants, are a proprietorship firm offering services of business market research consultants, product market research agencies, consumer market research consultants, consumer market research agencies, etc., for conducting feasibility studies, market surveys, project development, monitoring & execution, tax planning and investments. We have been going from strength to strength under the able guidance of **Mr. Sanjay Pandey** and **Mr. Hari Om Mahawar**. Their extensive industry experience and immense process expertise has enabled them to guide us in the right direction thus; making us a force to reckon with. We are a company that is driven by its realistic approach and its mission of achieving complete client satisfaction. We focus on providing our clients with maximum benefits from their investments which is why, we put in our sincere efforts to plan, study and execute involved projects with utmost precision. Our professionals work in close proximity with the clients to ensure that their varied business specific requirements are met. The methodologies we employ are perfectly legal and adhere to the industrial standards which ensure fair and accurate results in the end work delivered.
