About Us

Established in the year **1994** at **Bengaluru, (Karnataka, India)**, we “**Lokesh Electricals Pvt. Ltd.**” are engaged in **trading** of the premium quality **AC Motor, Power Transmission Components, Pump Set, Electrical Motor** and more. Under the guidance of “**R.C Suresh (Managing Director)**”, we have achieved a remarkable position in the industry. From a one man professional in servicing to employing over 50 people – R C Suresh’s journey to become the largest supplier of motors in Karnataka is the kind of stuff the dreams of entrepreneurs are made of. Mr. R C SURESH, an Electrical Engineering by profession, started his career as Motor Rewinder and servicing for a period of 4 years that’s from 1990-1994, in the name of Lokesh Engineering Works. Mr. R C Suresh had ambitious in growing business in a big way compare to servicing line he opted for trading when he decided to go for trading he once again selected the products of his same line that is Electric Motors, situation made him diversify from service line to trading, he founded a trading company in the name of Lokesh Engineers, in the year 1994 with merely no investment then he started his journey with trading of Electrical Motors with some unknown brands then in the mid of 1994 he joined hands with LHP motors stated doing well with LHP motors. Considering Lokesh Engineers and Lokesh Industrial Corporation marketing progress and...
