Lovson Industries

<https://www.indiamart.com/lovsonindustries/>

We are a coveted manufacturer, supplier and exporter of Agricultural Equipment, Auto Parts, Bicycle Pedals and Bearings. These products are acclaimed in the market for their seamless finishing, resistance to corrosion and longer service life.

About Us

Lovson Industries was established in 1978 and exports to over 40 countries of the world today. Started in the late 70's with a rubber parts unit over a period of time we have diversified to several other Auto Parts and Engineering Goods such as Agricultural machinery, Rice huller with polisher, Air cooled Diesel Engines, Pressure die casting, Gravity die casting, Car repair kits, Stainless steel utensils, Water cooled diesel engine.

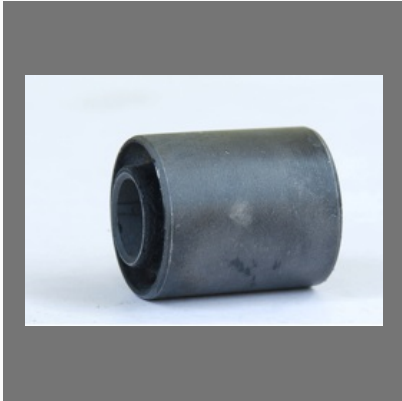

We offer quality parts at reasonable rates for (Cars, Trucks, Buses, Tractors) European, Japanese, American Korean & Indian Vehicles. We can undertake NEW Development for spare parts be it made of rubber-Iron-Steel Aluminium-Brass for any Industry be it Automotive Textile Construction etc. We solicit inquiries for Automotive & Mechanical Engineering Products catering to any Industries with Bulk & Repetitive requirements for casting, forging, moulded rubber & fabrication items. We have the means to supply turn key projects of oil expelling machines also complete with filter press. We have collaborated with Government Agencies in several countries like Mali, Burkina, Sudan for large scale supply of above machines. In Engineering field we have the means to offer you any item made of rubber, iron, steel for bulk requirements be it for Agricultural, Automotive, Construction Industry.
