About Us

L&T's strength lies in its in-house design which is backed by a multi-disciplinary team of specialized engineers & expats and sophisticated software & hardware facilities that provide value added integrated engineering services with detailed design and engineering support as part of comprehensive EPC services.

Firsts-of their-kind 3D studios - 'Srishti' in Chennai and 'Drishti' in Mumbai - are where ideas are born & synergized and designs translated into virtual reality. Features like virtual prototyping, walk-throughs and analysis by controlling virtual models including design reviews give the customer a feel of the actual project before execution.

L&T Construction is equipped with the requisite expertise and wide-ranging experience to undertake lump sum turnkey (LSTK) contracts with single-source responsibility. The track record covers every facet of industrial sector and infrastructure development projects.

L&T Construction's range of services includes:

- Pre-engineering, feasibility studies and detailed project reports.
- Complete civil and structural construction services for all types of buildings, industrial and infrastructure projects.
- Complete mechanical system engineering including fabrication and erection of structural steel works; manufacture, supply, erection, testing and commissioning of plant and equipment; heavy lift erection; high-pressure piping; fire-fighting; HVAC and LP/...
