<https://www.indiamart.com/lucentenergycompany/>

We are one of the foremost companies engaged in manufacturing & supplying of **Wood Pellet, Biomass Briquette and Biomass Pellet**. which are eco friendly in nature and high in quality.

About Us

Established in the year **2012**, **Lucent Energy Company Private Limited** is a renewable energy company which manufactures and supplies **Wood Pellet, Biomass Briquette and Biomass Pellet**. Our production unit is unique and facilitated with all the innovative facilities and international standards. Due to the dedicated team of skilled and experienced professionals we are working together as a team. All our team members work in collaboration with great unity and in complete coordination that help us to meet the bulk orders of the customers all across the countries. We know the value of saving the environment and preserving the natural resources and for that our company work effectively by keeping environmental issues in mind.

We all know with the shortage of coal - present as well as the future scenario and price hike of conventional energy sources, bio fuel has become a very promising future and very popular. In India agricultural residues and forest wastes are generated in millions every year. In our country most of the residue is either burnt or wasted which cause air pollution. Moreover, handling and transportation of these wastes is very difficult due to their low bulk density. Here, we also educate and assist the farmer to effectively harvest the agricultural residues and also transport them. Under the leadership of our mentor, **Mr. S.S. Khurana / Ms. Neha**, we have achieved a prominent position in the industry. Owing to their excellent...
