M2M Solutions is a e-commerce Company, www.m2mshop.in is not your usual e-commerce website, we provide our customers with access to an excellent variety of products.

About Us

Today's shoppers want more in a shorter time period, and let's not forget the easy purchase methods and delivery to make it worth their while.

Our beginnings were humble - We established in 2019, with a vision to make quality products available to the customers at affordable prices. We make this possible by sourcing directly from our network of farms supplying fruits, vegetables and groceries. The scale of operation allows us to offer unparalleled freshness. Our fleet and logistics including integrated cold-storage vehicles where appropriate, help ensure freshness of the produce, minimise waste, and reduce carbon footprint. We are constantly working on giving you everyday great prices on great quality products.
