About Us

Machine Tools (India) Limited, or MTI, was established in the year 1928 to bring to India world class machines from various manufacturers from Germany, UK, Italy, Japan, USA, etc.

Since then MTI has established itself as a leading name in the Indian Machine Tool Industry with its countrywide network of offices, strong sales and service support and professional management.

From Machines, Metrology/Quality Control equipment and Welding machines, MTI offers a mammoth range of state-of-the-art products from the world leaders from across the globe. With a team of 225+ people comprising of more than 50 mechanical / electrical / electronic engineers who have received training at various manufacturers' works in India and abroad for commissioning and service support and over 40 engineers who specialize in sales/application assistance.

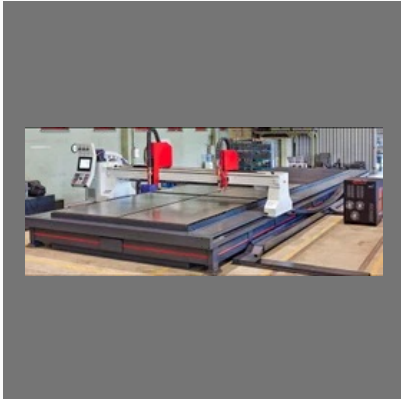

A well-known name in providing professional and committed services is MTI's strength which is evident by its growing customer base in Automobile & Auto Components, Heavy Engineering, Iron & Steel, Aerospace, Railways, Power Generation, Defense, Metals and R&D/Quality Control.
