## About Us

Yogashram Jhajhram Pura was founded in the 11 th century by Sri Sri 1008 Sri Yog Rishi Baba Arjun Das. Meditating and practising yoga on a 500 m high hill, he brought the Ganges to flow down this hill, passing through Gomukh and then vanishing and merging into a tank below. The lotus flower grows perennially in this tank.

Construction of the tank-In the 12 th century the king of Jaipur, Swai Jaisingh, got constructed a huge water tank under this very 500 m high hill. The Ganges flows into this tank through a spout in the shape of a cow's mouth. This place has a religious as well as historical importance. A big fair is held here on Krishanashtmi, the eight day of the month 'bhadrapad'. 'Bhadrapad' falls between late August and early September.

Religious and historical places-There is a temple dedicated to 11 Rudra Mahadevas (Rudra is Shiv in one of his incarnation). It was built in the 11 th century.

There is also a temple dedicated to 7100 Mahadevas.

There is a huge Jain temple here.

It is said that Hanuman ji appeared on this hill in the 9 th century. There is a Hanuman temple around His statue. There is a natural water body around this temple which is a sight to behold.

In the 8 th century Ma Durga appeared in the ashram. There is a 5 pillared canopy situated on a 300 m high hill.
