

M.A.N. Industries

<https://www.indiamart.com/manindustries-mumbai/>

Incorporated in the year **1988**, we, **M.A.N Industries**, a firm that is involved in supply,import,Export & Trading of a massive array of commodity, fine & Speciality chemicals serving to local and International Demands.

About Us

MAN Industries offers a wide array of products to the local as well as international markets. We offer various products like Chemicals-Commodity and Speciality, Insulation, Agricultural food items and other commodity items. Our Products are manufactured with high level of precision by taking high quality basic material in line with the set industry standards. Offered chemicals are widely known for their features like excellent performance and perfect composition. To cater the clients varied requirements, we are providing these products in different packaging options. We are exporting our quality products in **North and South America, Europe, Middle Est Asia, South East Asia** and **African continents**.

We have developed a modern infrastructure to manufacture the offered products as per the industry laid standards and norms. Our infrastructure unit is segmented into different units such as production unit, quality control unit, warehousing and packaging unit. All these units are operated by the highly experienced and well qualified team members. These team members have deep knowledge of this industry. Apart from this, we priced nominally to the provided products, so that one can avail these at budget friendly prices. To cater the clients varied requirements timely; we have developed a wide distribution network in the market. We are providing these products in different packaging options also so that our clients can purchase these...
