We are a professionally managed eminent manufacturer, supplier & exporter of pharmaceutical formulations since last 30 years with proven capabilities in the areas of product research, manufacturing & marketing.

About Us

Since inception **Manish Pharma Lab** has come a long way to establish us in the pharmaceutical industries with quality products at very economical rates. To ensure total quality management, the quality assurance department (Q A) has developed in house quality parameters which are detail in our standard operating procedures (SOP) in addition to the tests specified in US, British, Indian Pharmacopoeia.

The finished products are thoroughly checked by our deft quality auditors, who make use of the latest techniques and advanced equipment for the testing these products. We have also integrated a advanced quality control lab within our premises. Safety and quality standards are followed throughout the production and packaging activities to ensure the effectiveness of the medicines.

Under the skilled guidance of our mentor, we have earned a good reputation in the industry. His immense domain expertise, managerial skills and knowledge, have enabled us to carve a niche for ourselves in the market.
