

Marco Cbale Pvt. Ltd

<https://www.indiamart.com/marco-cbales-pvtltd/>

Manufacturer of control cables and low tension PVC cables.

About Us

Laxmi power cables has gone ahead to become one of the leading manufacturer of wiring cables, insulated cables & insulated wires. We are designing and manufacturing power & control cables, cross linked polyethylene cables, PVC and frls cables, panel wiring, flexible multicore and aerial bunched cables. Our brand is widely used in power utility. The insulation resistance and breakdown strength are practically unaffected by moisture. These cables are thus suitable for laying even under water. * cables can be overloaded for short periods without any appreciable effect on cable life.
