About Us

Maruka India Private Limited was established in the year of 2007. We are leading Exporter, Trader, Service Provider, Importer of Shot Blasting Machines, Micro Injection Molding Machine, Stripping Machine etc. Centered on the sale and import and export of industrial machinery necessary for manufacturing and construction machinery necessary for urban development, we operate on a global scale. Domestically, through our 12 offices throughout Japan, we are engaged in the country-wide sale of industrial and construction equipment.

Manufactured using high grade components and other raw material, these machines are easy to use and gives excellent production rate. All our machines are stringently examined by a quality auditing team to ensure their adherence with international quality standards. Due to the features like durability, easy installation, low maintenance cost and hassle-free performance, our products are widely appreciated by the customers.
