About Us

We at Master Craft Hub are from the generation of artisans who were handed down this art, from father to son. We are a dedicated breed of artisans creating newer designs and crafts. We create original genuine master pieces. We are not only dedicated to wood crafts but also create master pieces in Iron, Brass, Copper, Jute, Leather Works, Wicker works, Cane works, Bead works and Handlooms. We are based in Saharanpur a village situated in western part of Uttar Pradesh State, a state of the Incredible India. India is one of the fastest growing economies in the world. India is also home to one of the Seven Wonders of the World- THE TAJ MAHAL. The Taj Mahal build on the banks of the great Ganga River is a beautifully hand carved master piece. It is build and carved with white marble stone. Contrary to popular believe it not a fortress but a tomb signifying an emperors love for his beautiful wife. It took 20 years to build and numerous artisans to carve, cut and construct. Uttar Pradesh is home to numerous artisans with each artisan out doing the other to create his own unique master piece.
