Matrika Engineering Works

<https://www.indiamart.com/matrikaengineeringworks/>

Matrika Engineering Works is a leading organization engaged in manufacturing, supplying and trading a world class collection of **Engineered Fittings and Fasteners** including **Copper Pipe Fittings, Pipes and Flanges**.

About Us

Matrika Engineering Works is amongst the most sought after names in the industry which got established in the year **2009** as a renowned manufacturer and supplier of **Pipe Fittings, Copper Pipe Fittings, Fabricated Thermowell, Metal Fasteners, Metal Plates, Steel Rods, Corrugated Sheet, Perforated Sheet, Instrument Fitting, Metal Pipes and Metal Flanges**. Being one of the **ISO 9001:2008 Certified** companies, we have been manufacturing the complete range of products offered by us using top notch basic material and sophisticated tools and machinery. At par with the globally accepted quality norms and quality values, these offered products are available with us in different stipulations and altered options to suit the changing and diversified needs of our customers. Moreover, it is owing to their durability, high strength, simple installations and ruggedness, that these are highly appreciated and acknowledged.

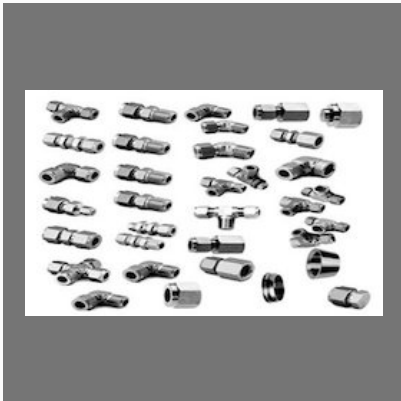

Infrastructural facility plays a very important role in the functionality of an organization since it provides a platform for all the industrial operations to take place. Assisted by a well installed and equipped facility, we have divided it into a number of segments which include a manufacturing department, packing and warehousing unit, marketing and sales unit, logistics and quality testing unit. Working in sync with each other, this division has allowed us to continue all our operations in the best possible manner. Here, we have installed all...
