Maven InfoTech, a premium ITeS, IT consultant and BPO firm, based in Kolkata, the City Of Joy and the Capital city of West Bengal, India.

## About Us

Generally clients come to us for cost advantages but stay with us because of our hospitality & World Class Quality. Our operating philosophy is to provide value added workflow solutions to our customers utilizing the best of skill sets to ensure continuous improvements in our service offerings. We share our knowledge of offshore development, our deep project management experience, processes and methodology and wide range of personal sources to ensure an outsourcing strategy that works for you. The real power of outsourcing is that it increases an organization's core capacity for change and growth. Maven InfoTech aims at weaving a powerful network of global partners through outsourcing
