About Us

Established in the year 1995, at Kanpur, Uttar Pradesh, India, we “**Maxion Engineering Services**” are one of the leading manufacturers, traders and exporters of a quality range of **Water Treatment Plants and Systems** and **Equipment**. In our product range we offer **Demineralisation Plants, Mineral Water Plants, Reverse Osmosis Plants, Systems & Equipment, Water Softeners, Filtration Plants, Effluent Treatment Plants** and **Frp Cooling Towers**. All our water purification systems are used to eliminate and remove unwanted salts, harness and impurities from the water and makes is safe for consumption and other industrial purposes. We have with us a team of qualified and experienced engineers who are are well versed with the latest technologies coming in the market and incorporate them in the manufacturing process. They understand the different requirements of the customers and offer products that match with expectations of the customers. Under the able guidance of our mentor **Mr. Sunil Kumar Singh**, we have successfully catered to diverse needs of the commercial and household customers. His years of industrial experience and sharp business acumen have enabled us to conduct our business operations smoothly.
