About Us

M.D. Equipments Private Limited is an ISO 9001: 2008 certified and a well-established manufacturing company located in NOIDA, India, which is a hub of manufacturing in northern India. Established in 1988, our primary facility is structured for light engineering for the fabrication of sheet metal works and electrical components, fine blanking, friction horsepower (FHP) motors, and numerous other products. We take great pride in our design and tooling capabilities. Our staff is highly skilled and our response time to develop and deliver a new product line is superior to industry standards. We boast the ability to produce nearly any product you can imagine. We use top-quality materials, as per your specifications, including any certified materials that may be required. We currently manufacturer for and export to clients all across the globe, most significantly in the United States, and the most recent client is The Universal Studio at Singapore.
