Med World

<https://www.indiamart.com/medworld-india/>

Med World India is India's leading medical travel facilitation company offering affordable medical treatment packages for cancer treatment, orthopedic treatments, heart surgery, minimally invasive spine surgery, organ transplant in India.

About Us

Medworld India is a professional medical facilitation organization that provides world Class medical and surgical treatment in India to international patients seeking affordable and high quality care.

We invite you to receive the benefits of our medical knowledge and expertise for e rewarding and pleasurable medical experience in India, that too at a fradion of what it would cost in other countries. 'What makes India more desirable as compared to other countries is the availability of world renowned doctors offering their services in exceptional hospitals equipped with all the latest diagnostic and treatment facilities. All this is available at a significantly lower cost even after including your cost of travel and accommodation.
