

Mehran Plastic

<https://www.indiamart.com/mehranplastic/>

we are a reputed manufacturer and exporter of melamine crockery, melamine dinner set, melamine plates and melamine bowls, non-stick cookware, and unbreakable plastic ware. Our range is used in households, hotels, restaurants and canteens.

About Us

Established in the year 1992, **Mehran Plastic** shares a reputed niche with the leading manufacturers and exporters of **Melamine Crockery, Aluminum, Stainless Steel & Hard Anodized Utensils, Non-Stick Cookware, and Unbreakable Plastic Ware** in India. The products are at par with the international standards of quality and are absolutely free from any extraneous and unwanted filler. We are also enhanced with the **ISI: 2347 Certification by the Bureau of Indian Standards**. Melamine resin is often used in kitchen utensils and plates. Our melamine ware is fabricated from 100% pure melamine formaldehyde molding powder, procured from a trustworthy vendor base. The entire range comprises high quality products that are break resistant, stain resistant, and are dishwasher safe. Being light in weight, the utensils are perfect for cooking and storing purposes. This organization was started by the Tejwani family with a mission to cater to the needs of clients who trade in Home Supplies. It is under the able guidance of our mentor, **Mr. Rishi Tejwani** that we have been able to establish ourselves in this domain. His vast knowledge and years of experience is shared with our team during the training sessions. These sessions boost the confidence of the team members and motivate them to work even harder.
