

Merino Elastomers India Pvt.Ltd

<https://www.indiamart.com/merino-polymers/>

We are manufacturer and exporter of a comprehensive range of rubber products like synthetic rubber products, precision rubber products and automotive rubber products. Our rubber products find wide application in diverse industries.

About Us

Incorporated in the year 2003, Merino Polymers is reckoned in the market as one of the trusted manufacturers, exporters and suppliers of a wide range of extruded rubber products, molded rubber products and rubber rollers like industrial printing rubber rollers and rice rubber rollers. Our comprehensive range of rubber products are extensively serving the demands of varied industries like automobile, chemical and construction.

Our wide range comprises extruded rubber products, molded rubber products and rubber rollers that are appreciated by our clients for its flexibility, durability and versatility. Our range is designed at our well equipped premises by our team of adept professionals by assuring optimum quality and functionality.

Our company is headed under the guidance and support of our mentor Mr. Anise N.A. who is working with a professional approach and philosophy of PQRS i.e. Price, Quality, Reliability and Service. Following this philosophy, we are gaining newer heights in the market and marching ahead in the industry with every passing year.
