We are reckoned as one of the most revered manufacturers and suppliers of Industrial Material Loading Systems. These products are acclaimed by the esteemed clients for their sturdy construction, long functional life and high efficiency.
About Us

Established in the year 1997, we, 'Merit Technologies India Limited', are engrossed in manufacturing and supplying an impeccable gamut of Industrial Material Loading Systems. These products are manufactured in compliance with all the prevailing industrial and international standards. Owing to their remarkable features such as long functional life, robust construction, superlative resistance against corrosion and low maintenance, these are acclaimed by the esteemed patrons. Apart from this, we undertake turnkey projects for automated rapid loading system for wagons (pre-weigh and volumetric), coal and iron ore pellets truck loading system (pre-weigh and volumetric).

We have developed a state-of-the-art infrastructure at Ekkattuthangal, Chennai. This facility is outfitted with all the advanced machines and techniques that significantly reduce the production time. Moreover, the finished products are duly tested by the quality auditors to rule out every possibility of defect. Apart from this, we also provide user manual and onsite support to the customers. To cater to myriad requirements of the clients, we offer product customized solutions to them at market leading prices. The patrons can also avail the facilities of design services and OEM services from us on contractual basis. Some of our most eminent clients are M/s. Shriram EPC Ltd. (Chennai), M/s. Bevcon and M/s. Surendra Engineering Corporation.

Our marketing manager, 'Mr....
