We are one of the prominent traders, suppliers, retailers and wholesalers of superior quality Industrial Electronic Components. These products are known in the market for their easy operations, longer functional life and superior performance.

About Us

Established in the year 2006 , we, “**Micrologic**” Formerly known as "**nchips**" , have emerged as one of the reliable traders, suppliers, retailers and wholesalers of superior quality **Industrial Electronic Components & Electronic Products**. We are also engaged in contract manufacturing for **Power cords, GSM Security System and Electronic Weighing Scale**.All the products offered by us are procured from the reliable vendors, who make use of superior quality raw material in the entire production process. These products are known in the market for their various features such as fire and heat resistant finish, technically accurate and easy operations. Owing to these features, all our products have achieved great demand across the nation. With the support of our wide distribution network, all these products are delivered at the clients' destination within the stipulated time frame. We have also appointed several skilled and experienced professionals, who hold years of experience in this domain.These experts remain in regular contact with the clients to know their exact requirements and serve them in an effective manner. In order to deliver a quality approved range of products at the clients destination, our experts test them on various quality testing parameters after procurement. For achieving the maximum satisfaction of the clients, we also provide them various modes of payments such as cash, cheque, DD. Under the able...
