About Us

Minico Industries is the most renowned name of the industry that came into existence in the year 1988 as a **sole proprietorship** based company. Our company is involved in the **manufacturing, supplying and exporting** of **Silica Gel Breather, Plastic Bush, ABS Plastic Molded Components, Plastic Molded Products, Plastic Container, Adhesive Bottle, Axle Thread Protector, Compressor Spare Part and Plastic Fastener**. We export upto 20% of these products to the various parts of the world. For catering to the diversified needs and demands of our respected clientele, we have been providing them customized products at most reasonable rates. Also, we keep their demands in our mind and use high grade material in the development of our product range. International quality norms and standards are followed by us while developing and testing these products. On the other hand, we consistently get appreciation from the customers due to the durability, compact design, long service life, high reliability and world class quality of our products. We are an ISO 9001:2008 certified company. Moreover, **Minico Industries** is counted amongst the successful and fastest growing companies of the industry. This is the result of the leadership of our respected proprietor **Mr. D. A. Ananda Kumar**. He has years of experience and rich industrial knowledge in his respective field. Also, his good leadership quality and supportive nature help the...
