## About Us

Mivada Management Services establish in the year 2015. We are the leading Service Provider of Birthday Party Service, Wedding Service and facility management Service.

To meet the hi-tech demands of contemporary events, we offer them with display systems that put on view the information desired to be disseminated to the target audience. We are offering professional event coordination with both visual as well audio-visual display systems that matches the theme and need of the events of our clients
