Manufacturer of automotive air filters, ceramic foam filters and industrial filters etc.

About Us

M. N. RAMA RAO & COMPANY is an ISO 9001-2000 certified company with expertise in the Design, Manufacture, Testing, and Commissioning of a wide variety of filters for Automotive, Industrial, and Pollution Control applications. By pioneering the introduction of the Flexible Porous Cellular Plastic (FPCP) media in India, MNR has evolved as the largest supplier of air filters for two wheelers in the country, with over 85% market share. In fact, every large two wheeler manufacturer in the country is a customer of ours. MNR is a family owned (and run) organization with low overheads where our customers experience the benefits of personalized service, short turnaround times, total focus on technical excellence and quality. For industrial applications, MNR supplies filters and filtration solutions to the rapidly expanding pharmaceutical sector, hospitals, outsourced manufacturing, paint shops, and a variety of other industries. In short, since 1973 MNR has been designing and manufacturing filters that provide creative and technically competent solutions for almost all automotive and industrial filtering requirements. MNR is proudly associated with EMW Filbertechnik GmbH of Germany, a world leader in Air, Water and Molten Metal filtration, for over 25 years. The technical collaboration helps in offering customers high quality and high performance products at a competitive price. Our warehousing facilities enable us to develop and maintain an efficient supply network in the...
