

Modern Enterprises

<https://www.indiamart.com/modern-enterprises/>

We are one of the leading domestic suppliers of Non Breakable Orthopedic Drill Bit, Lubricants and Other Industrial Products. Our products are acknowledged for their premium quality, reliability and performance.

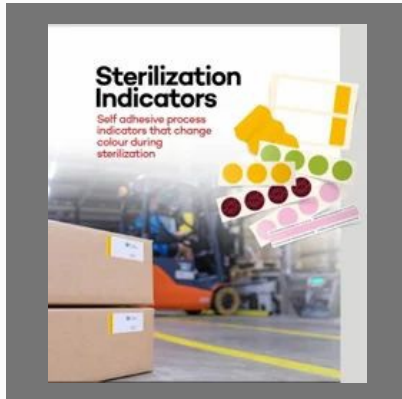

About Us

Established in the year **1989**, we, **Modern Enterprises**, are engaged in supplying a wide range of **Lubricants and Other Industrial Products**. These products are extensively used in different industries including pharmaceuticals, petrochemical, automobile, sugar, and power. Our products are highly appreciated by our clients for their flawless quality and performance. We are backed by a rich vendor-base, which helps us in delivering our clients an excellent product range. Our vendors are some of the most prominent names of the industry and manufacture these products as per the international standards. Apart from this, we are also backed by a diligent team of professionals having sound industry experience and high qualification, to carry out the operations of procuring and supplying of products. Owing to their extreme efforts, we are able to cater to the needs of a huge client base, spread across the country, with some of them being, **Rexam Pharma. Alkyl Amines Chemicals, and Enercon India**. Under the able guidance of our mentor, **Mr. Sasankan P. G./ P.G. Sasankan**, we have gained a distinct recognition among our clients across the country. His rich industry experience of 22 years, enables us in meeting the client's requirements and gaining maximum satisfaction.
