About Us

Incepted in **2007**, we "**Modern Chemicals**", are affianced in **Trading** and **Supplying** wide assortment of **Stable Bleaching Powder, Polyelectrolyte Chemical, Poly Aluminium Chloride, Liquid Chlorine Gas, Ferrous Sulphate, Hydrogen Peroxide, Hydrochloric Acid, Caustic Soda Lye, Ferric Chloride, Bacteria Culture, Hydrated Lime, Soda Ash, Ferric Alum, Ammonium Alum, Sodium Chloride**, etc. Our chemicals find applications in industries like Power Plants, Paper, Soap, Textile and Sugar. In order to offer highly effective range of chemicals, we are backed by trustworthy vendors of the market. The vendors with whom we deal are selected by our procuring agents after assessing their market goodwill, delivery schedule, production base, financial conditions and product quality. Our vendors further assure us that offered chemicals are tested on well-defined quality parameters to maintain high purity. Due to fair business policy, client-oriented approach, prompt delivery and strong track record, we have gained invincible position in the market.

Our offered product range is processed as per the defined quality standards by making use of high grade chemical compounds and advanced processing technology under the direction of quality controllers at vendors end. These chemicals are highly acknowledged for precise pH value, purity, stability, longer shelf life and accurate composition. Located at **Ghaziabad (Uttar Pradesh, India)**, we have built up a...
