

# Moxie Engineering Private Limited

<https://www.indiamart.com/moxie-engineering/>

Our company specializes in importing and trading a sturdily constructed range of Industrial Cutting Tools. These are widely acknowledged in the market for the features like tensile strength and excellent performance.

## About Us

**Moxie Engineering Private Limited** came into existence in the year **2007** under the **Companies Act 1956** and started its business as a **Limited Liability/Corporation firm**. We specialize in supplying, trading and importing an outstanding range of **Industrial Cutting Tools** in **Ludhiana, Punjab**. Products that falls in this category are **Carbide Reamers, Replaceable Head Drills, Thread Milling Cutter MGF, Quatron Hi. Feed -Milling Cutter, Modular Reaming System** and many more. Further, we also provide **Tool Holding solution** to the clients such as **Power Milling Chucks, Side lock Adopter, ER Callet Chucks, Shrink Fits** and others. We procure our range from the reputed vendors of the industry, who hold expertise in manufacturing these products. Apart from this, our company has marked its name in the list of top notch organizations by working under the guidance and leadership of **Mr. Maninder Pal Singh and Mr. Manbir Singh**. The turning, drilling and milling products offered by us are sourced from Japan's leading brand Tungaloy Corporation, while the range of solid carbide offered is sourced from Taiwan and Europe. To carry out smooth and systematic business operations, we have with us a team of highly experienced and adroit professionals. These experts work in close coordination with one another, in order to conceptualize an appropriate idea about the specific needs of the clients and then offer the products...
