## About Us

Established in the year **2009** at **Maharashtra**, we, **M. R. Enterprises**, are a highly acclaimed **Manufacturer, Retailer and Trader of LED Flood Light, LED Tube Light, LED Solar Light, Surface Light and many more**. The products offered by us are manufactured in compliance with industrial quality guidelines by using premium quality components and raw materials. The manufacturing process is carried out at our spacious production facility by using latest technology and integrating it into the production process. We provide a wide variety of lights for the purpose of indoor and outdoor installation. These lights are acclaimed for their higher efficiency, low consumption of power and lengthier lifespan. These are highly preferred by clients because of their unmatched quality. The low power requirement of these lights makes them an excellent alternative to the conventionally installed lights. These lights are available to clients in a wide range of shapes, sizes and colors at highly economical market prices. The quality of these lights is subjected to stringent tests by professional auditors to ensure flawless functioning. Under the highly capable leadership of **Ms. Madhuri Mohite**, we have established firm foothold in the market through our efficient business dealings. Our quality oriented approach to business has played a key role in helping us become a preferable firm for the clients to deal with.
