About Us

Mrk Chemicals was established a few years back in **1983**, as a partnership firm, located at **Kolkata, West Bengal**. Our company is counted among the prominent names of the industry engaged in supplying supreme quality industrial cleaning chemicals. To ensure quality product range is delivered at our client's end, we procure our entire **Industrial Chemicals** range under the supervision of our quality controllers from the trustworthy chemical supplier and vendors of the market. The wide assortment of industrial chemicals offering industrial chemicals offered by us is **Naphthalene Sulfonate Powder, Soda Ash, Sodium Aluminate, Fluorspar Lump, Sodium Lignosulphonate** and many more. Our strict adherence to prescribed quality norms has enabled us to deliver a defect-free range of products in the market. Our entire product range is highly applauded across the nation for its quality and features like purity, effectiveness, pH value and shelf life. We have been able to achieve a remarkable position in the industry, under the able guidance and supervision of our mentor **Mr. Jitendra Parekh**. His continuous efforts and vast industry experience enabled us to serve various sectors of the pharmaceutical, textile, hydro and numerous other industries successfully. His strict adherence to transparent business dealing and ethical business practices has fetched the company a strong client base across the nation. We supply...
