MyRationStore.com is a Chandigarh based online grocery supermarket dealing with over 1000+ items & over 100+ brands.

About Us

MyRationStore.com is a Chandigarh based online grocery supermarket dealing with over 1000+ items & over 100+ brands. The origin of the business was an inspiring idea to offer the customers of the tricity an alternate & efficient way to shop for their Grocery goods in the tricity i.e. Chandigarh, Mohali & Panchkula. Over time, we aim at becoming the country's largest & well-managed online grocery supermarket by spreading wings to the other regions as well.

With an extensive catalogue of 1000+ products (& growing), now customers can choose to order quality products & have them delivered at their doorsteps at a time of their convenience by simply visiting our website www.myrationstore.com. The customers are also given the option to place their orders over phone by calling at +91 9988835755 between 9:00 am to 9:00 PM. Further, the customers can now shop & earn loyalty points that can be redeemed like cash in their future purchases!!

We are able to pass on the maximum discounts to the customers since we do not operate as a standard Brick & Mortar business where the operating costs are high. With our presence limited to only online marketplace, we could operate with the minimum costs & hence, customers would always find very competitive prices for most of the items in the catalogue as compared to any neighbourhood kirana store.

We believe that this is just a beginning of a long journey towards becoming the most prominent online grocery...
