

Namash Enterprises

<https://www.indiamart.com/namashenterprises/>

We are highly engaged in manufacturing a wide gamut of LED Light and Ceiling Fans. These offered products are highly admired in the market for their long service life.

About Us

We **Namash Enterprises** from **2015** are a leading **manufacturer** of a broad range of **LED Light, Ceiling Fan, CFL Light Bulbs, Electric Iron, LED Lamp, LED Lamp, Table Fan and LED Tube Light**. These products are designed by utilizing high-grade input factors. Offered products are highly appreciated across the market for their damage resistant, perfect finish, low maintenance, high performance and longer service life. Additionally, these assortments are offered to the clients at very affordable rates. To design the offered products as per the set industry norms, we have developed a modern infrastructure facility at our premises. Our professionals are selected through industry approved selection procedures. Further, for hassle-free execution of all our business related tasks, we have divided this facility into various units. To achieve our organizational objectives, our professionals are working with full dedication. Under the valuable supervision of our mentor **Mr. Chetan Jain (Owner)**, we have attained such a top position in the market. Due to his excellent management skills and vast industry experience we have been able to cater the diverse demands of our client base in an effective manner.
