Nanovision

<https://www.indiamart.com/nanovision/>

We are the leading manufacturer, supplier, trader and exporter of Foldable Intraocular Lens, Intraocular Lens and many more. Our innovative products are widely acclaimed by our esteemed clients to be the best amongst all.

About Us

Our firm, **Nano Vision** was established in the year **2012 at Arumbakkam, Chennai, Tamil Nadu, India**. Over the years our ardent vision to excel and carve a niche in the market has given us marked popularity as undisputed leaders in the industry of ophthalmology. Immense appreciation has been gained by our organization from clients due to our endeavour of offering products in accordance to their specified demands and as well as meeting industry standards. We are engaged in **manufacturing, supplying, exporting, service providing and trading Foldable Intraocular Lenses, Intraocular Lenses, Contact Lenses, Ophthalmic Equipments and Ophthalmic Instruments**. Our unmatched products are highly attractive owing to excellent finishes and functionality. The products are compliant to UV blocking light, made of natural Hydrophilic Acrylic having optic equi-convex designs, in different compact designs requiring no daily cleaning, allowing natural levels of oxygen for healthy white eye clear vision. The products bear trendy looks, excellent quality, are reliable, flexible and comfortable to wear, safe for use and have seamless finish. All the products are offered at most competitive prices. We outsource our supplies of raw materials from trustworthy and authentic vendors only who hold reputation of delivering the high grades of materials at all times. All our ophthalmic products are developed with extreme precision and accuracy. Our products have been...
