About Us

Incepted in the year **2018**, we "**Narayani Trading Company**" are completely occupied with the manufacturing of flush doors and plywood. We offer a broad and comprehensive range of products, which include Wooden Flush Door, Designer Sunmica and Plywood Board. We are establishing an example in the industry by producing sturdy design, termite resistant finish, easy to fix products which demand negligible maintenance. We take pride in giving high-quality products, timely delivery at very affordable rates. This strategy has gained us an exceptional niche in the marketplace. Add to that our client-centric, as well as quality-focused company policies, have enabled us to assemble a large client-base in this ambitious market.

Owing to our improvised business models, our professionals are able to bring forth total integrated solutions for our clients. Also, we operate with a mission to deliver the best customer experience. Our team persons are backed with certifications and requisite training to work upon the obligatory policies and terms. Moreover, we strive to be the best, which is why we work with close relations to our clients and provide the best quality products and service within the agreed time frame. Moreover, our quality assurance department has the responsibility to verify the standards of transparency and quality by conducting timely audits and inspections.

Under the assistance of our mentor **Mr. Avi Sankhla**, we are able to be a...
