Naren Electronics And Services

<https://www.indiamart.com/narenelectronics/>

Naren Electronics & Services is the coveted manufacturers, service providers and traders of Electronic Products & Multi Panel Meters. These products are widely appreciated for less electricity consumption and longer service life.

About Us

As a prime objective, we **Naren Group of Companies** endeavour continually to upgrade ourselves and espouse new challenges and changes of technological innovations. In the year **2004**, our company edged out and incepted Naren Electronics & Services that deals in textile electronics and industrial Autonics automation products.

Naren Electronics and Services is one of India's largest distributors of sensors and controllers of Autonics, South Korea that capitalize on continuous changes in technology. We provide a measure of after-sales service that builds long lasting client relationships.

For textile industry, we provide a comprehensive product and service support starting from the blow room to Autoconer machines.

We are proud of our prolific team comprises of experienced professionals. They work hard to achieve our organizational goals and maximize the level of customer satisfaction by providing quality products. Some of our team members are electrical engineers, quality controllers, research & development, warehousing and packaging personnels and logistic personnels. Each team heads a separate department in our huge infrastructure. We have updated our manufacturing and quality checking unit with latest equipment and tool to fulfill bulk of orders within stipulated time period. Our marketing team has developed a renowned vendor base including top companies like Sartorius Mechatronics India Pvt. Ltd and Autonics to source...
