Nath Industry

<https://www.indiamart.com/nath-industry/>

Rolling mill and tube mill spare part manufacturer. Also manufacturing all kinds of industrial blades and knives such as billet shear, flying shear, sheeter knives etc.

About Us

Nath Industry was established in the year 2010. We are the leading Manufacture, Supplier, Trader, Exporter of All Kinds of Industrial Shearing Knives and also manufacturing all kinds of spare parts for ROLLING MILLS as well as TUBE MILLS. Our organization is backed by a team of expert professionals that have vast industrial experience and knowledge. They keep no stone upturned to serve our clients with best quality products that match up to the industrial standards and norms.

We pay stress towards our products quality and take varied measures towards the same. All our experts are well dedicated and hardworking, they work unitedly for taking firm to the heights of enviable success.

We are not using traditional steel for any application. We use to calculate the process applied, time period , re-machining cycle time, labour time and many other technical and commercial factor for selecting the accurate steel.
