About Us

National Cutting Tools, incepted in the year 2003, is a global entity dealing in a wide range of industrial tools and also other related utilities. The CEO of our company, Ms. Pritpal Kour, has made a great contribution in the success of our company with her strong-willed efforts. We supply our products in the national and international market under the brand name of 'NCT'. We started our efforts few decades back, due to which we have carved a niche in this particular field. With the passage of time, we have successfully provided solutions for the specific tool requirements. We incessantly upgrade our skills and machineries, so as to keep pace with the fast technological advancements. We manufacture a wide range of industrial machinery such as portable pipe threading machine, steel bar threading machine, bolt threading machine, hydraulic hacksaw machine and are also counted amid the famous thread roller exporters from India.
