About Us

Native Techno® is a quality oriented Java, J2ee, Oracle , Apache Hadoop , Big Data , PHP , C, C++, Struts, Spring and Hibernate Training Institute of Ghaziabad, NCR, India. It is managed by a team of highly talented and qualified professionals who have more than 6 years of combined I.T. and Corporate Training experience. The mission of Native Techno® is to create technology experts with the help of world class training methodology. Any technology can be applied in real scenario only if it is learned conceptually i.e. a learner must know what it is, how it should be used, what advantages it provides, where it can be applied etc. Conceptual and Applied Training is the main motive of Native Techno. Basically we focus on step by step and deep learning of any technology.
