National Bulk Handling Corporation Private Limited

<https://www.indiamart.com/nbhcindia/>

We are an integrated pest management company offering high-quality, environment-friendly and customized services to businesses. Our innovative solutions combine physical and chemical methods to prevent, monitor and control pests.

About Us

Our services include treatments against common pests such as ants, flies, cockroaches, geckos (lizards), mosquitoes, rodents, silverfish, spiders, stored-product insects, termites, weeds, and wood-boring beetles. NBHC is leading fumigator and carries out fumigation of grains in stacks, bins and silos, food processing equipment, wooden packaging and export containers. Our expertise and industry reputation have made us preferred service provider to schools, libraries, food retailers, food processors, hospitals, pharmaceutical units, supermarkets and storage units. Our service offerings include Annual Maintenance Contracts (AMC's) for one or more types of pest treatments and Rate Contracts for fumigation services. Long term contracts are also taken for pre-construction anti-termite treatment.

Our strengths:

- Strong technical capability
- Compliance of services to quality and food-safety standards,
- Customization of services to meet customer requirements
- Guidance to customers on prevention of pests

We have tools for detection of pests in structures and also effective methods for barring pest entry. Termites are detected by use of micro-wave based equipment that pinpoint presence and activity of termites. In buildings, we can prevent rodent entry by sealing materials applied to identified spots of pest entry. Similar pest proofing is possible to prevent entry of geckos (lizards) and harbourage of...
