

Nearby Technologies Private Limited

<https://www.indiamart.com/nearbytechnologies/>

We provide more than 20+ Financial Services on our PayNearby App. These services are extensively urged in the market, owing to our client-focused approach, cost-effectiveness, timeliness, and reliability.

About Us

Established in the year **2016**, we, “**Nearby Technologies Private Limited**”, are engaged in the business process of service providing a broad array of Money Transfer Service and Ticket Booking Service. Our offered products are highly demanded by our clients for efficient performance, dependability, cost efficiency and superior quality.

We are assisted by a competitive and efficient team of managers and travel professionals. They have the complete knowledge about their respective fields and are capable to understand the requirements of our clients and accordingly offer services. With our rich experience in the industry and wide vendor base, we are able to provide our clients with top-notch quality products and services. In order to confirm the quality of our products, we procure these from the reliable vendors of the market. We select our vendors on basis of their market creditability after thorough research in the market and we maintain the relationship with them on the basis of trust and commitment. Moreover, we offer our clients the entire product range in customized specifications to suit their exact requirements at industry leading prices.

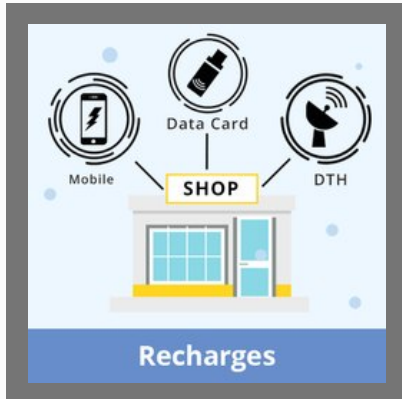

We are supervised under the meticulous and stern management of our mentor **Mr. Jitendra Chauhan**.
