About Us

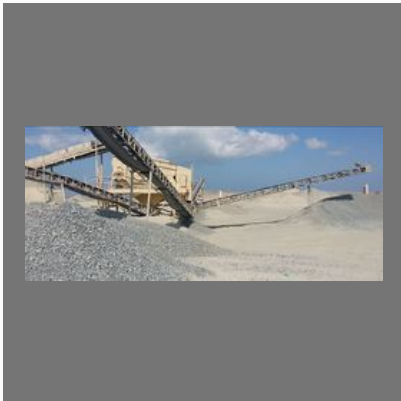

NECC Minerals is a quality assured and progressive company under the flagship of Rs. 100 Crores NECC Group, with prime focus on mining activities. The company was started in the year 2005 under the leadership of Shri Neeraj Kumar Choudhary, founder and promoter of NECC Group, who has an immense experience of about 15 years in mining, stone quarrying and road transportation. We have our own open cast mines with state-of-the-art Three Stage Crusher Plants with capacity of 200 TPH installed with other advanced mining equipments and machineries. Besides, we have an extensive network, a strong & dedicated fleet size of 200 tippers and trucks and a committed team of people. What makes quality of our products superior than that of others is that we apply scientific and modern techniques for mining and crushing. Our blasting techniques are very much controlled, not allowing the blasted particles to fly in air. Besides, we have controlled crushing of materials thereby not allowing any dust particles in our finished products that, in turn, make our products ready to use. From planning to delivery of the goods, we offer our clients the best of the professional services at each and every stage of move. Our team is experienced and well versed with such organizational skill and expertise so as to guarantee client's satisfaction each and every time we undertake supply of materials, when and wherever required. Besides, we endeavor towards making every customer happy by...
