About Us

Netafim Irrigation India Private Limited was established in the year of 1965. We are the Manufacturer, Supplier of Irrigation Equipment, Agriculture Drip Products, Complementary Products, Polyethylene Pipes. Netafim india offers a wide range of micro-irrigation, greenhouse and field automation solutions. With three manufacturing plants, over 1000 employees, and more than 1500 dealers, netafim india’s operations span throughout the subcontinent. At present netafim irrigation systems are running successfully on more than 15 lakh acres of land across diverse agro-climate in the country, suitable for a wide range of crops., netafim india offers extensive agronomic, design, after-sales support, and agri-extension services to ensure sustainable prosperity to over 5 lakh farming families and this journey is still on. Netafim india is an active partner in several government projects like ggir, apmip and tanhoda.

As population of india continues to rise and natural resources come under pressure, more efficiency makes more sense than ever. At netafim india, we help our customers produce more yields and better crops with less resources. Netafim india has the lineage of global leader in smart drip and micro-irrigation solutions for a sustainable agriculture. Since introducing the world’s first drip irrigation solutions in 1965, it has led the way by developing products that help their customers optimize results.
