About Us

Netgear makes it easy for you to have the smartest home in the neighborhood, with the latest, fastest networking technology. Our range of easy-to-use products can help you stream movie night more often, watch almost anything on your tablet without buffering, check in on your home from your smartphone and store and protect all of your family's memories. From the most advanced wireless internet connectivity, to superior streaming, remote home video monitoring, and storage solutions, your home networking system will have the speed, range and performance you need, every time you need it. At netgear, we focus on all things connected, with the goal of making your online experience seamless so you can sit back, relax and do more.
