About Us

Established in the year **2010** at **New Delhi**, we, **Netra Home Appliances**, are a well-known **Manufacturer and Supplier** of **Roti Maker, Electric Kettles, Hand Mixer, Room Heater, Flex Box, Floor Mop and many more**. Our products are manufactured in compliance with industrial quality standards by using raw materials of the best quality. The quality of our products is assessed prior to dispatch on different parameters in order to ensure the satisfaction of the clients. The products offered by us are available to clients in multiple specifications within the specified period of time. These are widely used in residential and commercial kitchens. The demand for our products is high because of their aesthetically pleasing designs, durability and damage-resistance.
