## About Us

In today's world Customer Centric Solutions are of paramount importance and we at Netweb Technologies work towards offering the latest technology based solutions to increase the return on investments. We at Netweb Technologies, have a clear focus, and we deal in only certain specific products which enables us to specialize and provide best solutions and services. We have extremely strong business relationships with the technology leaders who are known the world over for their specific product range. Our products/services

- Servers based on x86 processor family
- Workstations
- Storage solutions (NAS & iSCSI)
- RAID controllers
- Infiniband products
- Compilers
- Cluster solutions (HPCC, HA & Visualization)

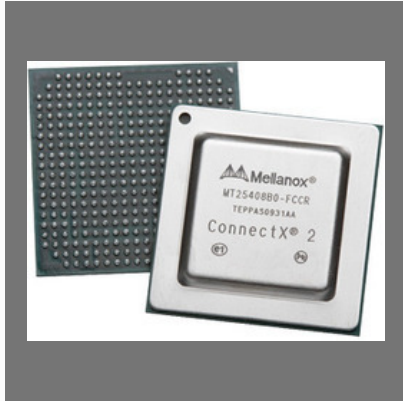

Our Experience We owe our success to our customers who had made us reach the heights" and should instead read as "We owe our success to our customers who have made us reach new heights.
