About Us

NDE is the flagship company of a Professionally Managed group that is continuously achieving the high levels of Customer Satisfactions. NDE has a strong technological and infrastructure background consist of a team of dedicated engineers, energetic management and skilled employees. It was founded by Parmod Kumar (B-Tech, MBA) who was born technocrat. In spite of this his visionary skills, he installed self manufactured special purpose machines. The technique used by him is still adopted and is very helpful in the production.
